

BoK People, Tools and Process

The set of tools in use is shown in this table. Links are additional documentation.

Trello	Keeping track of early progress on articles Set of contact information - a directory if you will.
Google Drive	For early collaboration and team documents (not work product)
Janeway	Formal review of work product and web publishing
Github	Allows for public comment.
Google Hangouts	Video/teleconference meetings
Google Groups	Mail relay for committee
Slack	Ephemeral but good for collaboration (just don't expect records to last)
Email	Universally available

The following graphic depicts the development process of the BoK.
